

## Thailand Innovation and Business Forum 2026

### **EVENT OVERVIEW**

Thailand is emerging as one of ASEAN's key destinations for innovation, investment, and advanced industries. Backed by strong government support, attractive Board of Investment (BOI) incentives, and growing foreign direct investment, the country is accelerating its development in strategic sectors such as semiconductors, advanced manufacturing, artificial intelligence (AI), digital technologies, electric vehicles (EVs), and sustainability.

As businesses increasingly diversify their supply chains and seek new growth opportunities in Southeast Asia, Thailand has strengthened its position as a regional hub for production, innovation, and market expansion. Its strategic location, well-developed industrial ecosystem, skilled workforce, and commitment to digital and green transformation continue to attract global and regional investors.

### **EVENT/PROGRAM DETAILS**

<b>Time</b>	<b>Programme</b>
9:00 AM	<b>Registration &amp; Networking</b>
9:30 AM	<p><b>Opening Remarks</b> <b>Speaker:</b></p> <ul style="list-style-type: none"> <li>• <b>TBA</b></li> </ul> <p>This opening session will highlight the importance of Singapore–Thailand economic cooperation and discuss the growing opportunities for collaboration in trade, investment, innovation, and business development between both countries.</p>

3:00 PM	<p><b>Closing of Forum</b></p> <p>The forum will conclude with final remarks and an opportunity for participants to continue networking and follow up on potential collaboration opportunities identified during the programme.</p>

Thailand is rapidly emerging as a regional hub for innovation, advanced manufacturing, semiconductors, digital technologies, electric vehicles (EVs), and sustainable industries. Supported by strong government policies, Board of Investment (BOI) incentives, and increasing foreign direct investment, the country is attracting global companies seeking to establish operations and expand across ASEAN.

Against this backdrop, the Thailand Innovation and Business Forum will provide participants with insights into Thailand's economic transformation, innovation ecosystem, and investment opportunities. The programme will feature government representatives, industry leaders, investors, and business experts sharing perspectives on market trends, policy developments, business expansion strategies, and opportunities in high-growth sectors.

Key topics include Thailand's innovation agenda, investment incentives, semiconductor opportunities, advanced manufacturing, digital transformation, AI, electric mobility, sustainability, talent development, and cross-border collaboration. Participants will also hear first-hand experiences from companies operating in Thailand and gain practical guidance on navigating the Thai market.

The forum will serve as both a knowledge-sharing and networking platform, enabling Singapore and Thai businesses to build connections, explore partnerships, and identify new opportunities for growth within Thailand and the broader ASEAN region.

### **WHY SHOULD YOU ATTEND?**

Organised by the Singapore Business Federation (SBF) in collaboration with Mahanakorn Partners Group (MPG), the International Institute for Trade and Development (ITD), and other ecosystem partners, the forum offers a unique opportunity to hear directly from policymakers, industry experts, and business leaders shaping Thailand's future economy.

Participants will:

- Gain insights into Thailand's innovation-driven economic transformation and future growth sectors.
- Understand the latest investment incentives, regulatory developments, and business opportunities available to foreign companies.
- Explore opportunities in strategic sectors such as semiconductors, advanced manufacturing, AI, digital transformation, EVs, sustainability, and smart mobility.
- Learn from successful companies that have established and expanded their operations in Thailand.
- Connect with government agencies, investors, technology companies, and business partners across Singapore and Thailand.

- Identify potential partnerships, investment opportunities, and market expansion pathways within Thailand and ASEAN.

Beyond knowledge sharing, the forum provides a valuable networking platform for businesses seeking strategic collaborations, cross-border partnerships, and long-term growth opportunities in one of Southeast Asia's most dynamic markets.

### **WHO SHOULD ATTEND?**

This forum is suitable for business leaders, investors, and organisations interested in Thailand's innovation economy and regional expansion opportunities, including:

- Singapore companies exploring expansion into Thailand and ASEAN
- Technology, innovation, and digital economy companies
- Semiconductor and electronics industry players
- Manufacturers and industrial solution providers
- EV, mobility, clean technology, and sustainability companies
- AI, fintech, and digital transformation businesses
- Investors, venture capital firms, private equity firms, and family offices
- Government agencies and trade associations
- Legal, tax, HR, and professional service providers
- Business chambers, accelerators, incubators, and ecosystem builders
- Universities, research institutions, and talent development organisations
- Corporate strategy, innovation, and business development professionals
